These endowment funds may be merged or commingled with other funds held by the Board of Regents of The University of Texas System for investment purposes, in accordance with the policies of the Board of Regents. The donors acknowledge and agree that in connection with administration of the endowment funds, the Board of Regents may charge certain expenses against the endowment funds for management, administration, compliance and similar charges. Funds distributed from the endowment in a year may be retained and expended for the purposes of the endowment in subsequent years, and a portion may be designated, at the discretion of the Board of Regents or The University of Texas at Austin administration, as a permanent addition to the principal of the endowment.

Such endowment shall never become a part of the Permanent University Fund, the Available University Fund or the General Fund of the State of Texas, and shall never be subject to appropriation by the Legislature of the State of Texas. All future additions to the endowment, made by any party, including the Board of Regents or The University of Texas at Austin, shall be subject to the provisions of this donation instrument and shall be considered permanent endowment funds. If in the opinion of the Board of Regents of The University of Texas System, future circumstances change so that the purposes for which the endowment is established become illegal, impracticable, or no longer able to be carried out to meet the needs of The University of Texas at Austin, said Board may designate an alternative use for the endowment payout to further the objective of the University, in the spirit of its original purpose.
